

'Delivering High Quality care One Patient at a Time'

IHP Board Election Results

Greetings and happy new year! I am pleased to announce the results of the IHP Board Election that took place in December. Thank you to those who submitted both nominations and votes.

Primary Care Board Manager Seats:

| | |
|--|-------------|
| Dr. Robert Ocasio, Depersia Medical Group | 2-Year Term |
| Dr. Narasimhaloo Venugopal, ExcelCare Alliance | 2-Year Term |
| Dr. David Galetto, Cumberland Internal Medicine | 1-Year Term |
| Dr. Lori Talbot, South Cumberland Medical Associates | 1-Year Term |

Specialty Care Board Manager Seats:

| | |
|---|-------------|
| Dr. Dilip Viswanath, Cardiovascular Associates of Delaware Valley | 2-Year Term |
| Dr. Jim Bonner, Emergency Care Services of New Jersey | 2-Year Term |
| Dr. Jack Kanoff, South Jersey Chest Diseases | 1-Year Term |

New Agreements

The IHP Board and a majority of the primary care and specialty class members approved a restatement of the Operating Agreement and Participation Agreement in November 2017. The changes were made to ensure that the documents are relevant to current operational procedures.

All existing members will be asked to execute new agreements. I will be making rounds to deliver and discuss the new agreements. You will be contacted by the new coordinator for IHP, Andrew Goos, to arrange a visit. Please welcome Andrew to IHP, we are excited to have him! Thank you in advance for your prompt attention to this matter!

Suggestions or Questions?
Please contact April Venable:

HQEP

A Hospital Quality and Efficiency Program will be developed this year to drive quality improvements and cost reduction in the inpatient setting. Savings generated will be shared with physician members of IHP using the familiar "gain sharing" methodology from New Jersey Hospital Association. Additional details will follow as the program details become available.

Welcome!

Andrew Goos, IHP Coordinator
