Physician-Led Clinically Integrated Network Delivering High-Quality Care One Patient at a Time

Welcome to the First Edition

by Alka Kohli, EVP Chief Population Health and Clinical Officer

I am pleased to share with you the first edition of the IHP newsletter. The PHO has grown to over 250 physicians and the committees have been busy.

We've recently welcomed a new Executive Director, April Venable, to IHP. During her 10-year tenure with Inspira, April has served in several key roles, most recently as the Director of Population Health. She has provided leadership and expertise to create plans and drive change at Inspira, all the while advancing the mission and goals of the network and improving the health status of the populations we serve.

Please take this opportunity to read the updates contained in this newsletter. A comprehensive listing of member practices is included on page 2. Within each newsletter, we will share new members, important upcoming dates and events, and updates on initiatives within IHP. We welcome your ideas for future topics. We look forward to collaborating with you in executing the IHP mission of delivering high-quality, coordinated and efficient care, one patient at a time.

Committee Updates

The Clinical Consensus Committee, chaired by Dr. Chris Trotz, has developed quality measures for several specialties, including primary care, women's services, cardiology, neurology, orthopedic surgery, and general surgery.

The Finance Committee, chaired by Dr. Rob Ocasio, has been working to develop a formula for shared savings distribution among physicians, to include quality performance.

Suggestions or Questions?
Please contact April Venable:
VenableA@ihn.org or (856) 641-6275

Check out the Website!

The IHP website contains information about the mission and goals of IHP and the benefits of membership. A complete listing of physician members is located under 'About Us'.

Access is available for members, via secure log in, to:

- Committee Minutes
- Care Paths created by the Clinical Consensus Committee
- Primary Care Quality Measures
- *Partnership for Patients* newsletters

To gain access, change or recover lost passwords, please contact Tiffany Taylor at TaylorT@ihn.org.
