

'Delivering High Quality Care One Patient at a Time'

Quality Metric Cheat Sheet

As IHP continues to expand its shared savings programs with payers, quality metrics start to make our eyes cross! For ease of reference, the below cheat sheet has been created to incorporate metrics across all programs (Horizon, Aetna, and Medicare (for those who also belong to Inspira Care Connect)). Many of the metrics and specifications overlap so we hope that this tool offers a comprehensive summary of where to place your focus. Happy summer!

Metric	Required Documentation
Blood Pressure	Blood pressure date and result
Breast Cancer Screening	Mammogram date and result Timeframe: 10/1/2017-12/31/2019
